## NAVARRRE, JUST A STEP AWAY

Navarra shares a border with France, while it is just a three-hour train journey from Madrid, and its motorway and road network is one of the best in Spain. The Autonomous Community of Navarra enjoys excellent accessibility to the main communication hubs, while it also has good connections by rail and air. Pamplona is served by the airport at Noáin and it is also less than 250 kilometres away from six other airports.

### BY ROAD

The road network in Navarra has a radial pattern, with Pamplona as its hub. Its two main axes cross the autonomous community from north to south, connecting Spain to Europe.

- **N-121-A** and **N-121**: Behobia - Pamplona and Pamplona - Tudela.
- **AP-15**: Motorway of Navarra (Tudela-Pamplona- Irurzun)

### BY PLANE

Navarra has daily direct flights to Madrid, departing from the airport at Noain, located just 6 kilometres from Pamplona. The L16 city bus line links Pamplona with the airport. In a radius of 96 to 250 km, there are six airports with daily connections to the main cities in Spain and also to cities in France, Germany, Ireland, United Kingdom, Belgium, Italy and Portugal.

### RAIL

## THE CAPITAL OF THE KINGDOM **PAMPLONA**

The capital of the kingdom is a comfortable city with a rich heritage that improves every day. The ramparts and the citadel, the parks and green áreas, coupled with top quality accomodation, food and shopping turn every visit to Pamplona into a highly enjoyable experience.

Pamplona has a charm that is difficult to forget. It is a simple city that is both ancient and modern. With barely 196,000 inhabitants, it boasts an excellent life style with no bottlenecks, smoke and with good health care services. The new quarters are really attractive with all the facilities close by, but the nucleus of social and commercial life is set in the beautiful old part of the city.

## AN EXCELLENT RANGE OF **ACCOMMODATIONS**

Pamplona and its region have a wide offer of accommodations that puts at the service of visitor the highest quality standards and service, in addition to being equipped with rooms to host congresses, events or meetings, whatever its nature.

Pamplona and Navarra are destinations for gastronomical tourism, cultural tourism, business tourism and health tourism. For all of them, enjoy our excellent range of accommodations.

## AN EXCELLENT **GASTRONOMY**

Our cuisine is unquestionably one of the greatest attractions of Navarre, with dishes based on traditional recipes, handed down from our ancestors and fine quality fresh ingredients. In Navarre, eating is a social event...

The delicious produce from our market gardens, particularly those of La Ribera in southern Navarre, are famous throughout Spain and abroad: artichokes, piquillo red peppers, cardoon, asparagus, fresh white haricot beans ... As well as flavoursome Navarre-raised meat such as veal and T-bone steaks. And some of our most spectacular desserts: Roncal valley cheese; junket; custard fritters and cream horns. Without forgetting our typical red, rosé and white wines.

## THE UNIVERSAL FEAST **SAN FERMÍN**

In July, Pamplona becomes the venue of the universal feast. Thousands of visitors from around the world come to discover it and enjoy the fun.

The streets become the main stage. They are flooded with music, red and White colours and long standing traditions such as the running of the bulls.

However, very close to Pamplona, you can enjoy the peace and quiet that only Navarre can offer.

## SLOW TOURISM **RESTFUL TOURISM**

We welcome unhurried travellers. Those who enjoy, good moments, quiet contemplation and a leisurely chat. Those who breathe deeply and live to the fullest. All those who seek and find. Those who love life.

## KINGDOM OF NAVARRE **THE HISTORY OF A KINGDOM**

Landscapes and villages; castles, churches and fortresses. The memory of the kingdom of Navarre is present throughout the territory and speaks of its history, its kings and noblemen, of what we are today; our history and our character.

## LAND OF CONTRASTS **THRILLING NATUR**

You will be thrilled to discover the contrast between the Irati Forest, the Bardenas Reales desert (Biosphere Reserve), the peaks and valleys of the Pyrenees, the ondulating hills of the middle zone and the fertile plains of The Ribera.

## AUTHENTIC PEOPLE **TRADITIONS THAT ENDURE**

Stories, legends, public festivals, ancestral traditions, the Navarrese are faithful to what they were and what they are.

They are also natutal, authentic people, good friends, welcoming, and so say those who visit us...

In Navarre you will fell good.

## GATE TO THE **ST. JAMES WAY**

The authentic way, the French Route, listed as a world heritage site by Unesco, enters Spain through Navarre.

Witness the traces left by pilgrims over the centuries and have a unique and singular life experience.

VISIT PAMPLONA

# PAMPLONA IS MUCH MORE

PAMPLONA CITY COUNCIL

Located in a privileged enclave, equidistant between the Cantabrian Sea, the summits Pyrenees and the desert of the Bardenas Reales, Pamplona is more than accustomed to receive visitors since time immemorial. And he does it with open arms, generous and welcoming, willing to share their secrets with all those who have the privilege of entering its walls.

Pamplona is known internationally for the festivities of San Fermín, which attract the Navarre capital to thousands of people every July 6. Celebrations begin with the Chupinazo outbreak, which unleashes nine days of intense hubbub in which all, neighbors and visitors, knot the red scarf around his neck to enjoy the magic together. The best parties in the world. The incomparable emotion of the encierros, the spectacular dancing of the giants or the jocular joy of the rocks are difficult moments to forget for any lucky person who has had the pleasure of enjoying them.

But Pamplona is much more apart from the Sanfermines. The thousands know it very well of pilgrims who have been walking the cobbled streets for centuries on their way to Santiago de Compostela and enjoying the hospitality of its people. Pamplona is the first city that crosses this millenarian route, and its legacy remains very alive in every corner, on every street, in every square. Nowadays, in addition, the Camino is the column vertebral on which to know the vestiges of medieval Pamplona and discover their fortified churches of high towers, among which the imposing cathedral of Santa stands out Maria la Real.

A tour of the Old Town is a lesson in history. The Renaissance wall, one of the first abalone systems in Europe and undoubtedly the best preserved, brings us closer to past times when the city needed to defend itself of foreign attacks. Today, walk along the Paseo de Ronda observing the spectacular view that give the centuries-old walls is a pleasure for the senses and a nice way to get to know the city and its evolution over the years.

And after so much walking, there is no better way to recover the strength than tasting delicious skewers or dishes made with the best local products and with the mimo of the expert hands of some of the best chefs of the moment. In this city, gastronomy does not play a secondary role. Any visitor will be given quickly account of it when walking along the street Estafeta and mingle with the Pamplona at the time of the aperitif.

Pamplona is, therefore, a city endowed with good services and a great quality of life, with spacious green areas virtually around every corner and nice squares and walks. A city in which the weight of history has left its imprint well marked. In short, a close and friendly city, in which one always feels welcome.

# TUDELA HOTELS

The 4 hotels that make up the hotel association of Tudela are modern and functional. Accommodations with all services to offer quality stays in the capital of The Ribera Navarra Region.

Located in historic buildings, in the financial and commercial center of Tudela, or on the border with the Bardenas Reales Natural Park, the hotels of Tudela will guide you through a tourist experience to enjoy a rich artistic and cultural heritage, a environment without equal in Navarra and a gastronomy of flavors and nuances, with its garden vegetables. to the head.

Tudela, capital of the Ribera Navarra Region, and on the banks of the River Ebro, is at the same time urban, industrial and rural, fertile plain, fortress, bridge, crossroads and cultures; a privileged city. It has Romanesque, Gothic, Renaissance and Baroque art, as well as a luxury of landscape variety (Bardenas Reales, Peñalén, Roscas de Fitero, etc ...).

At the entrance of Tudela is the emblematic bridge of the Ebro, with seventeen eyes. Many are examples of religious architecture: Church of the Magdalena (Romanesque building of the XII century declared National Monument) or the Cathedral of Santa Maria (National Monument of 1884). Of civil architecture: Palace of the Marquis of San Adrián (16th century), Palace of the Marquis of Huarte, Plaza de los Fueros or Muñoz Sola de Tudela Museum.

The gastronomic offer of Tudela is varied and of quality, guided by its vegetables and fruits. The stew is the most well-known and appreciated dish, an authentic symphony of vegetables, consisting of asparagus, artichokes, peas and fresh beans. Pochas beans take their name from their pale color, since they are consumed before their maturity. Among the meats stand out the ribs and the lamb chops, the bull meat and the popular stew. All washed down with the typical rosé wines of the earth or new red wines with an excellent palate. And all kinds of fruit, especially peaches and cherries, or cakes, like cafareles.

## HAGOOS DMC & TOURIST CONSULTANCY MEDIEVAL TOWNS PACKED WITH HISTORY

### EXPERIENCE

#### MEDIEVAL TOWNS PACKED WITH HISTORY

You will visit the Monastery of La Oliva, a Cistercian monastery founded in the mid-12th century, which was once one of the most important in the Kingdom of Navarre for its architecture, library and territorial possessions.

After the visit, you'll make your way to the village of Ujué, built on top of a hill, which was once a stronghold, first against the Muslims and later against the neighbouring kingdom of Aragón. At its highest point is the Church of Santa María, which looks more like a fortress than a sanctuary. Inside it houses an image of the Virgin Mary, one of the most beautiful Romanesque sculptures in Navarre. There you'll enjoy a traditional lunch of shepherd's bread crumbs, known as migas, and lamb grilled over vine shoots.

Having recovered your strength, you'll make your way to the medieval town of Olite, royal seat of the Kingdom of Navarre which still has its medieval structure of narrow streets lined with stone houses and two important churches. Here you will visit its Royal Palace.

To end the day you'll head for an equestrian farm spread over more than 200,000 m2 with 35 horses, a team of oxen and 50 wild bulls. Here you will enjoy an equestrian display and take a jaunt in a horse-drawn carriage; for the boldest members of the group, there will be the opportunity of a short ride around the installations on horseback.

## NORTHERN SPAIN TRAVEL THE CLASSIC HEMINGWAY TOUR IN THE NAVARRA PYRENEES

### EXPERIENCE

#### HEMINGWAY CLASSIC TOUR

Our Hemingway Tour is a delightful walking tour to discover the Navarran Pyrenees as we follow in the footsteps of Ernest Hemingway. It is a day trip which includes visits to places enjoyed by Hemingway as well as gastronomic experiences related to his life and work.

Did you know that Ernest Hemingway loved places with tastes and identities of their own? Through his books, letters, and articles, he instills in us the idea that the world is a very fascinating place and that we should venture out there and discover it for ourselves.

In Navarre, Ernest Hemingway found an unexpected land that bedazzled him. His traveller spirit takes us into a variety of landscapes, where we try regional dishes and exquisite foods and wines of Navarre.

#### OUR TOUR

Following in the steps of Hemingway, our Hemingway Tour takes us from Pamplona to different iconic places in the Navarran Pyrenees. Meet in Plaza Castillo for a brief introduction to Hemingway's Pamplona. Walk along the banks of the Irati River, where Hemingway loved fishing. Retrace his steps to the town of Arie and enjoy local foods and Navarran wine. Visit the surroundings of the town of Orbaizeta, and the heart of the Selva de Irati Forest. Visit the town of Burguete, where Hemingway used to stay.

Here we have a sit down lunch, Hemingway style. This is a walking tour for which sturdy footwear is recommended. However, if there are non-walkers in the group they are welcome to stay on the bus which will take them directly to the town of Arie.

\* Please note that the weather can be changeable so dress accordingly.

## HAGOOS DMC & TOURIST CONSULTANCY DISCOVERING THE BAZTAN VALLEY

### EXPERIENCIA

#### DISCOVERING THE BAZTAN VALLEY

The Baztan Valley is a land of hidalgos, of Indians who came back from overseas, of smugglers, shepherds and pilgrims who would make their way to Santiago by the alternative route wending its way through the valley. Numerous medieval and stately mansions adorn the villages dotted throughout the Baztan Valley.

You'll visit the Zugarramurdi Caves, where blood-soaked tradition has it that the witches would hold their covens. There you can also have a look around the Witches Museum which takes visitors through the tales and legends surrounding the inquisition process of 1610.

At the end of the tour, you'll stop in the village of Urdax for a wander through its streets with their emblazoned houses built by the returning Indianos. Notable among its many attractions are the ancient 9th century Monastery of San Salvador and the mill built in the early 18th century, which you can also visit.

You'll enjoy a traditional lunch in the Altxuneastek house in Ituren. In the afternoon, you'll visit the Jauregia Palace in Irurita as well as the town of Elizondo, the capital and commercial centre of the Baztan Valley. The town is well known for its sprawling Basque houses, alongside numerous mansions in pure Indian style built by the emigrants returning from America. Here you can either stroll through its streets or visit the Baztan Ethnographic Museum.

## "LEARN HOW TO RUN THE ENCIERRO" TOUR

Question: Do you comprehend the implications of this sentence written by Hemingway himself? "The bulls lowered their heads, charged the crowd. The crowd took to its heels, the bulls stampeding in pursuit". There are four keywords here we want to emphasize: bulls, charged, stampeding and pursuit. These four words alone paint a very clear picture of what you are about to face: a stampede of bulls charging against you and pursuing you for 875 meters. Another question: are you prepared for it? Sure, you're very fit. Yes, you are an excellent runner. And of course, you are an adrenaline junky. But probably never had to navigate your way through a stampede of raging bulls averaging 1300 pounds in weight in a crowded and narrow alley. If that's the case and you are planning on running with the bulls in San Fermin, you need to "learn how to run with local experts".

Yes, there's no denying it – we are talking about full on "crazy and wild"! However, there are some techniques we can teach you to have a safer run. These include:

- How to access the route of the run
- How when and where you should locate yourself depending on your physical abilities and your fitness level
- What you should do before, during and after the run

**Punto de encuentro:** outside Gran Hotel La Perla (Plaza del Castillo 1)

What a concept! Renting out a balcony? Just the balcony? Well, yes and no.

The balcony is the focal point of the event, but when you rent out a balcony, you are, in fact, sharing a once-in-a-life-time experience with locals who know the event and, in many cases, have run it themselves!

And all, from a controlled and safe environment. And with a full stomach! Because, when you rent a balcony in Pamplona from us, you will also be sharing a breakfast of local produce which, we know you are going to love!

-We have a large number of balconies available ideally located in strategic vantage points of the itinerary.

-We are locals (or expats who have lived in Pamplona for more than 15 years) with an extensive knowledge of the bull run tradition and history.

-Our apartments are modern, well-presented and extremely clean.

-You'll receive a Spanish-style breakfast before 8 am.

-You will not feel rushed at any point during this experience and will be able to take as many photographs and/or videos as you'd like (however, please note that you will not be able to use your tripod as there's not enough space for everyone's photographic equipment in the balconies).

-We will replay the event after it's finished on TV and comment on it.

## EXPERIENCE

## WHY IS NAVARRA THE IDEAL DESTINATION FOR MOTOR ENTHUSIASTS?

Because Navarre has 2,001 kilometres of roads made to enjoy driving, through many different settings of exceptional beauty.

Because there's a wide range of restaurants, bars and accommodation throughout Navarre, offering excellent service and hospitality, and fine cuisine based on regional produce.

Because Navarre is a land of incredible scenic diversity. In just a few kilometres, the scenery changes from the Pyrenees to the Cantabrian valleys, from Mediterranean landscapes with grapevines and olive trees to the Irati forest, from the desert-like scenery of the Bardenas Reales to the meadowlands in the valleys. All to be found in an area of just 10,500 km<sup>2</sup>.

Because Navarre is the history of a Kingdom and the entry of the Way of St James into Spain. Because Navarre is home to the world-famous fiesta: the San Fermin fiesta of Pamplona. And because Navarre has the best circuit in the north of Spain: The Navarre Circuit (Los Arcos)

HAGOOS DMC &amp; TOURIST CONSULTANCY

## GUIDED EXCURSIONS OVER THE BARDENAS REALES

### EXPERIENCE

#### THE BARDENAS REALES - GUIDED VISIT

The Bardenas Reales, one of the most singular and lesser-known areas of Navarre, is probably one of the clearest demonstrations of the power of nature. Successive erosions have given its shape to a surprising, desert-like landscape. You'll enjoy a guided tour by bike, buggy or 4x4, combining a ride in four-wheel drive vehicles with spectacular landscapes.

To get your strength back, you'll head for the Trinquete restaurant in Tudela, famous for its seasonal vegetables made with locally-sourced produce.

As the final touch to the day, you'll visit the Hacienda Queiles oil mill. One of the six oil presses belonging to the "Oil of Navarre" Protected Denomination of Origin, where they produce an organic oil you will taste accompanied by an explanation.

We will walk on the middle age ramparts, they will tell us the stories of the pilgrims going to Santiago de Compostela. We will find the spots where the Running of the bulls takes place. We will walk on Ernest Hemingway's footsteps to discover the reason why so many people are attracted to this dangerous tradition.

We will finish our tour in Plaza del Castillo visiting Café Iruña. The place where Hemingway wrote his world-famous book "The sun also rises". One minute away from here you will be able to taste the most incredible variety of tapas (we call them PINCHOS). There are hundreds of tapas places. We will point you into the right direction.

## HEALTH TOURISM / NAVARRA HEALTH TOURISM

## HEALTHY NAVARRA

## MEDICINE, INNOVATION AND QUALITY OF LIFE

Medicine, a commitment to research and to groundbreaking medical technology are all part of our DNA. The University Clinic of Navarra is, and always has been, a benchmark centre for all those seeking the highest quality of care. It is ranked in first place among the private hospitals with the best reputation in terms of the services provided, while it practically doubles the score of the hospital immediately below it in the ranking. The excellent quality of the San Juan de Dios Hospital and the Sannas Dentofacial Clinic, in addition to the drive of six technology centres, the CIMA and three universities in Navarra, create the perfect environment for an excellent healthcare service that is constantly improving. In Navarra, we enjoy living life to the full. We appreciate every moment in time, the beauty of our environment, the flavours of our cuisine and the pleasure of having everything nearby. We have the lowest unemployment rate in Spain, while we are one of the safest autonomous communities in the country and take third place with regard to per capita income. We offer an excellent range of accommodation, as well as a rich and varied cuisine. Pamplona, our capital city, is attractive, peaceful, safe and convenient. While we are forward-looking, we are proud of our roots and our history. We love sharing our lives with visitors to our land.

## A KINGDOM FULL OF HISTORY

Navarra was, and still is, a kingdom: the Kingdom of Navarra is present in our landscapes and settlements, castles, churches and fortresses. Their walls conceal stories of kings and noblemen, wars and peace treaties, legends and fables. Furthermore, the Way of St James, the real Way, declared a UNESCO World Heritage site, crosses through our land, showing the marks left by pilgrims over the centuries

## LIVING NATURE

The slogan says that Navarra is a land of diversity. And this is completely true. In just 10,400 square kilometres, you can find deserts, sierras, rivers and mountains. The lunar landscape of the Bardenas, the Biosphere Reserve, is in sharp contrast to the greenery of the northern valleys of the Pyrenees, the lushness of the Irati Forest, the sheer walls of the limestone Gorge of Lumbier and the fertile market gardens of La Ribera in southern Navarra. Each and every corner of Navarra holds a secret. And each one is different.

# 21 TRANSPORT

## TRANSPORT RENTAL

## DISPLACEMENT

Navarre is an easy region to travel around for a tourist. There are four highways that cross the territory from North to South and East to West, as well as several main roads that are ideal for motorcyclists.

It is a unique region in Spain that offers mountains, the sea and desert-like landscapes just one hour (or less) from Pamplona. Without a doubt, it offers the greatest variety of landscapes in southern Europe.

For visitors arriving by air, the best option is to rent a car – with or without a driver – or coach travel if you are travelling in a group.

In Spain chauffeured vehicle hire for the transportation of travellers is regulated so as to offer clients the highest guarantees and safety.

This type of service is offered with high-range vehicles, 24 hours a day, 365 days a year, with punctuality, reliability and discretion. It operates both nationally and internationally.
